PREFACE.

The STANDARD DIRECTORY OF RICHMOND COUNTY, which is presented to the Staten Island public for the first time, is the outgrowth of a general demand for a reliable Directory of the whole Island. The rapid growth of the population and of the business interests of the county make such a book indispensable.

While many unexpected difficulties have been encountered in collecting, for the first time, the material necessary for a complete directory, entailing much additional labor and expense, they have all been overcome. Recognizing that errors and omissions will be found it is still confidently asserted that there is no city nor place that has been more thoroughly canvassed, nor where a more care fully compiled directory is issued.

That the canvass of the Island has been complete is shown by the fact that the directory contains the names of nearly one-fourth of the inhabitants, while the usual percentage in directories is from one-fifth to one-sixth.

The STANDARD DIRECTORY is a permanent home enterprise and will appear each year with such improvements as the publisher may find possible and its patrons may suggest. Its aim will ever be completeness and accuracy.

The STANDARD DIRECTORY is unsurpassed as an advertising medium, as a most conservative estimate of the number of times the book will be examined during the year is two millions, and an advertisement in its pages will equal that circulation in any other medium.

The publisher desires to thank the patrons of the work for the encouragement given the new enterprise, and also all who have aided in any way in its preparation.

The Standard Directory OF RICHMOND COUNT 1893=4.

THE TOWN OF CASTLETON AND THE VILLAGE OF NEW BRIGHTON.

The territorial limits of the Town of Castleton and of the Village of New

Brighton are co-extensive.

There are four Post-offices in the territory: New Brighton and West New Brighton, each with carrier deliveries, Tompkinsville and Castleton Corners.

These Post-offices are designated as follows: NBpo, WNBpo, Tpo and CCpo. In the localities of the N. B. and W. N. B. Post-offices, the letters "po" are omitted. Where residents of the village receive their mail at Port Richmond, the designation PRpo is given.

The New Brighton free delivery district extends from the village line at the middle of Arrietta street and Richmond turnpike, at Tompkinsville, on the east, to the westerly line of the Sailor's Snug Harbor property on the west. The West New Brighton free delivery district extends from the westerly boundary of the New Brighton district, to, and including both sides of Jewett avenue from its junction with Richmond terrace, Port Richmond, on the west, Hart Park and Prohibition Park.

MIDDLETOWN

and the

Village of Stapleton.

The area of the town of Middletown is large, extending to the center of the Island and its most populous portion along the shores of New York bay, is known as the village of Stapleton, although it has no corporate existence and comprises a part of the incorporated village of Edgewater.

The Stapleton post-office is the only one actually in the town, but the Tompkinsville, Dongan Hills, New Dorp and Castleton Corners post-offices are all on the borders of the town and are used by the residents. None have

carrier deliveries.

"No Doctors required, but the Butcher and the Baker always in Demand."

This is the report that comes from those who have made their homes in

- Hart Park

the "Paradise of Staten Island." The ladies understand what that means.

The greatest gift of God is "a sound body and a sound mind." What does wealth amount to if you lack the health to enjoy it?

Here is the best place in the State to raise children; they grow up full of vigor and strength. HART PARK has no superior for healthfulness. Malaria is absolutely unknown; the air is simply divine; altitude 240 feet above tide water.

People who live here never need to go to the mountains or seashore for health, for they always have a superabundance of it. If you doubt it, visit the Park and ask the residents. Beople with weak constitutions "build up" marvelously fast, without the aid of drugs; the air does it all.

HART PARK is in other ways the most desirable spot in Staten Island for residence purposes.

It is right in the social center; reached via Bard avenue (the Fifth avenue of Staten Island); only a few minutes' walk from the Cricket Club, the Athletic Club, the Ladies' Club, the Tennis Club, the Polo Grounds; adjoins the handsome residences of many of the wealthiest business meu of New York.

The land will double in value within a short time. Water supply, gas, electric lighting, macadamized roads, magnificent views, quick and cheap access to New York, title perfect.

SPLENDID, LARGE LOTS, ONLY \$250 AND UPWARD.

You've been intending to come and see for yourself! Don't put it off any longer.
